Our Founder

Shri Sudhir Madhavji Lall

Chairman

Universal Education was founded by the guiding spirit of our founder, Shri Sudhir Madhavji Lall, who laid the foundations of Universal Education in 1968 and built it from scratch into one of Mumbai's largest and most reputed private educational institutions. He was a visionary of great ideals, but retained a lifestyle of simplicity. He conducted himself with total dignity and impartiality. His values, vision and goals were simple to lead by love, by trust and by example. During his professional career, Shri Lall championed many causes, but none so fiercely as educational reforms. Unfortunately, he left for his heavenly abode on the 1st Sept, 2002. His son, Shri Jesus Lall the chairman of the institute, has, since strengthened Universal Education, transformed it and ensured its growth in keeping with his father's dreams.

Examination Scheme

The University of Mumbai has implemented the Choice Based Credit and Grading System since 2010-2011. The Scheme has seen many changes since its inception. The Choice Based Credit System as applicable 2018-2019 is as given below.

Before we proceed to explain the examination scheme, a Learner (student) must understand the terminologies used:

Program:

A **Program** is a set of courses that are linked together in an academically meaningful way and generally ends with the award of a Certificate or Diploma or Degree depending on the level of knowledge attained and the total duration of study. Traditionally, **B.A., B.Sc. and B.Com. are referred as Degree's and will now be referred to as PROGRAMS.**

Course

The term “**COURSE**” under the Credit System corresponds to the word '**SUBJECT**' used currently. For instance, subjects like **Accountancy & Financial Management, Business Economics, Foundation Course, Commerce etc. are included under the B. Com program which would now be called 'Courses'.**

Module and Unit:

A course which is generally an independent entity having its own separate identity, is also often referred to as a 'Module'. A module may

be studied in conjunction with other learning modules or studied independently. A topic within a course is treated as a Unit.

Credit Point:

Credit Point refers to the '**Workload**' of a learner. It is an index of the number of learning hours deemed for learning of a certain segment. These learning hours broadly classified into hours spent on attending actual lectures / tutorials / laboratory work /seminar etc. and notional hours spent on reading, reflecting, discussing, attending counseling sessions, watching especially prepared videos, writing assignments, preparing for examinations, etc..

I credit point corresponds to 30 to 40 learning hours. A single course may be assigned between 2 to 8 credit points taking into consideration no. of hours it would take for a learner to complete a single course successfully. **The learner is said to have earned the credits on successful completion of the course including the evaluation.**

Semester System: The program (Degree Course) of three years duration is divided into six terms of approx. 6 month duration called semester. Every semester will have number of courses (subjects/papers) that a learner will have to offer. Each course subject) will be assigned certain number of credits. Learner will be assessed continuously during the Semester and evaluated at the end of the semester. The

results will be declared at the end of every semester. Credits will be earned by the learner on successful completion of the course.

Choice Base implies that the learner has the choice to select the subjects that he/she would like to learn within the prescribed time period and the program parameters. Say for example a learner who wants to major in Accountancy wishes to study History may be permitted to do so under the Choice Based System.

Examination Scheme: (Refer University circular no. UG/80/2016-17 dated 15th Oct. 2016)

Traditional Courses like B.A., B.Com. and B.Sc.

- 1. All papers except Foundation Course I and Foundation Course II shall be evaluated for 100 marks and for 3 hours duration.**
- 2. In case of Foundation Course Paper I at First Year and Foundation Course Paper II at Second Year, the evaluation will be as given below:**
 - Semester End theory Examination of 75 marks and 2½ hours duration
 - Internal Assessment: Project which will be evaluated for 25 marks

**For Self-Financing Courses:
(for all courses)**

Performance of the student for every course in Self Financing Courses will be evaluated is two components:

- Semester End theory Examination of 75 marks and 2½ hours duration
- Internal Assessment: Class Test / Project for 25 marks

Passing Standard

For courses where the evaluation is of 100 marks based on the semester end examination only, the learner will be required to obtain 40% marks i.e. 40/100 in their exams.

In case of courses where the performance of the learner is evaluated on the basis of Internal Assessment and Semester End Examination, the learner to pass a course will have to obtain minimum of 40% marks in aggregate for each course where the course consists of Internal Assessment & Semester End Examination i.e. the learner shall obtain minimum of 40% marks (i.e. 10 out of 25) in the Internal Assessment and 40% marks in Semester End Examination (i.e. 30 Out of 75) separately, to pass the course and minimum of Grade E in each project, wherever applicable, to pass a particular semester.

A learner will be said to have passed the course if the learner passes the Internal Assessment & Semester End Examination together.

Performance Grading:

Under the CBCS, the learner will be issued a grade sheet. The marks obtained by the

student will be converted into grades and based on the credits allotted to the course and the grade obtained by the student, the overall grade will be calculated and grade sheet will be issued to the learner. The 10 point grading system, as applicable, is given below:
