Our Founder

Mr. Sudhir Madhavji Lall
Chairman

Universal Education was founded by the guiding spirit of our patriarch, Shri Sudhir Madhavji Lall, who laid the foundations of UE in 1968 and built it from scratch into one of Mumbai's largest and most reputed private educational institutions. He was a visionary of great ideals, but retained a lifestyle of simplicity. He conducted himself with total dignity and impartiality. His values, vision and goals were simple, to lead by love, by trust, and by example. During his professional career, Shri Lall championed many causes, but none so fiercely as educational reforms. Unfortunately, he left for heavenly abode on the 1st Sept, 2002. His son, the Chairman of the institute, Shri Jesus Lall has, since then strengthened UE, transformed it and ensured its growth in keeping with his father's dreams.

Message from the Chairman

Mr. Jesus Lall
Chairman

You are entering the next phase of your academic life. These years will prove to be a turning point of your career. Your efforts during the coming years will help you set a strong foundation for your future. We, at Universal Education, are determined to empower you to stay focused in your efforts to achieve your best.

In addition to excellence in academics in the classroom, we are looking at providing you with hands-on experiences that will help you to consolidate learning. We have put together a package based on the stream and the class you are pursuing.

Our intention is to make our students competent human beings and not merely degree holders. Sports, dance, music and art and activities in social responsibility should become an integral part of your daily lives.

We believe that participating in various competitions and thus practising for the same will keep your interest alive and keep you agile mentally and physically.

We would like to take this opportunity to invite everyone individually, and in groups to approach your Principal for planning these activities and begin early practice sessions. Our team will be ready to offer you the required support wherever necessary. We are happy to engage special coaches / trainers for you, should we see serious amount of dedication and interest in your endeavours. Wishing you every success.

About the College

Lords Universal Junior College of Commerce and Science located in Goregaon west is an integral part of Universal Education. Junior College represents the first building blocks of educational life outside of school. Whether Commerce or Science, Junior College ensures that you receive the appropriate education to move up the educational scale. The two years spent in Junior College will help you adapt to a changed educational environment and aid you in your pursuit of greater knowledge. In terms of specifics, selecting Commerce or Science will allow you to specialize in a particular stream during your graduation years.

Affiliation

Junior College is recognised by the Department of School Education, Government of Maharashtra and Higher Secondary School Certificate Board to conduct classes of F.Y.J.C and S.Y.J.C. along with the bifocal course in Computer Science and Electronics which is recognised by Maharashtra State Board of Technical Education. The college website is one of the main channels of communication of the college. It contains necessary information about academic areas as well as facilities, services, notices and contact details.

Mission Statement

To unearth and unlock potentials of students and equip them with advanced skills and technology, thereby creating capable leaders through lifelong learning and independent thought process. To this end, we will do everything in our power to create an educational system that maximizes potential and extends out of the textbook into real life.

Vision

To develop enlightened citizens and culture of excellence in education, to empower the youth with a clear goal of achieving overall development for their future endeavours.

- Preparing to achieve a career and life goal.
- Research projects & Enhancement programmes
- Entrepreneurship Incubation Cell Support.
- Summer internships and placement assistance.

From the Desk of the Principal

Our Institution believes that, the main aim of education is to turn rocks into sculptures and we strive for the same, not only on core studies but also on providing opportunity to each student to explore his or her own capabilities and their area of interest in curricular, co-curricular or extra-curricular activities. Empowerment of students for their all-round development through education is our goal. Today education means much more than merely acquiring knowledge. It is the acquisition of knowledge and skills, building character and improving the work-skill ability of our young talented, the future leaders. In the current pandemic situation, the institution started with online teaching and activities to enhance the skills of the students while they are home. The Institution has left no stone unturned to acquire the aim it has looked up to. Measures initiated by the Management, steps taken by the college administration, the willing contribution of teaching and non-teaching staff along with the overwhelming response and enthusiastic participation of my dear students in the college activities in the recent past all vouch for this.

At LUJC we believe that, 'Education' is a wholesome, holistic exercise and as such we strive to give a whole new meaning to the word. We as one family believe ourselves to be the "caregivers".

I, on behalf of Lords Universal Junior college of Commerce and Science family, welcome all the students and wish you all the best for achieving great success and reaching new heights in the coming years.

Building A Strong Student Community

“Taking the time to build community, to get to know your people will have long-lasting benefits”

Lords Universal Junior College of Commerce and Science spends a lot of time and energy on building and maintaining the student's community. Belonging is a basic psychological need. We all need to feel physically and emotionally safe, we need to have close, supportive relationships and we need to feel that we are connected. Community building requires, that faculty engage with students in intentional, meaningful ways with the goal of increasing positive interactions.

Reducing the feeling of isolation: A big part of forming a student's community comes from creating a positive environment where the students are engaged with other students in cultural and academic activities. The overall engagement of the child is kept into consideration while the activities are planned.

Creating Community through motivation: A student community is framed by providing early positive feedback, providing support and creating an open learning atmosphere thereby upholding the dreams of every student.

SYJC Examination

Exams are a way to test our knowledge. The same value of testing knowledge and moulding students towards better results, the junior college conducts three test series and a Preliminary Examination in the first week of January. Apart from this regular exam schedule, students are provided with subject wise objectives problem sheets in order to have a better understanding and learning amongst the students. This allows them to revise the concepts covered according to the syllabus prescribed by M.S.B.S.H.S.E board. Rigorous revisions, test series, workshops and question paper solving sessions help students a lot in making their foundation strong.

Investigation of malpractices during examination

1. It has been noticed that malpractices such as carrying books, handwritten materials, guides bringing written answer books from outside, taking answer-book out the Examination Centre, making other persons appear in place of the authorized candidate are increasing in number. Maharashtra government has passed an Act XXXI/1982 to counter-Act such actions.
2. Material used for malpractices and answer books of the student caught indulging in malpractice during the examination should be confiscated and their statement and signature should be taken on it. After taking the first answer book and illegal material of the student into custody, the student should be given another answer book to write.
3. The second answer book should be marked as 'Dummy' in red ink and the candidate should be allowed to write the paper in the scheduled examination time. If he/she tries to copy again, he/she should be sent out of the Examination Hall and should not be allowed to appear for that paper again.
4. Student's first and second answer book, illegal material along with required signatures, and statements/ remarks of Supervisor & Chief Conductor should be sent to Unfair Exam Committee

Student Support

Student support services are a vital part of academic program success. These services can help students navigate the college system and support students' access to and success with academic courses. These services are often able to help students overcome a number of obstacles that stand in the way of pursuing and completing stated educational goals.

Guidance and counselling

Guidance and counselling are important for children, and schools have a huge role in bringing out the best in children. Good conduct is coveted, but sometimes young minds need guidance to polish their personality. Through counselling, children are given advice on how to manage and deal with emotional conflict and personal problems. It helps to shape a student's behaviour and also instil enough discipline in them. Proper guidance helps them achieve their goals, well guided & counselled students know what to do and how to do things in the best possible way.

Committees

In order to have smooth functioning of the schedule planned for student's progress the junior college has following committees which allows teaching staff to look after students effectively.

Admission Committee, Examination Committee, Discipline committee, Cultural committee and Class Representative association.

These above mentioned committees work for giving proper guidance and support to our students.

Parents Teachers Meeting

Parent Teacher Meeting is conducted to focus on the quality education of students. The main aim of this association is to bring joint efforts of Parents and Teachers so as to have qualitative, progressive students which will mould them to become better citizens.

Academic Achievements

It's rightly said, "The will to win, the desire to succeed, the urge to reach your full potential. These are the keys that will unlock the door to personal excellence". This quote is absolutely apt for our academic achievers who reached the peak of success through sheer hardships. The Junior College felicitated our academic toppers and motivated them for their future.

Myself Sanjana Sanjeev Singh a student at Lords Universal College. My experience is a complete different scenario than what I am used to in physical classroom. My journey started from "I don't have any idea what is going on ... To this event which was really fun". Our magnificent group of teachers help us to create, motivate and present new ideas. My experience was very challenging, adventurous & fun and I wish to continue the same for the remaining years.

It is a great and memorable experience learning at Lords Universal College, even we're learning virtually. Faculty Doesn't make us feel we're learning virtually that's the level of efforts they put to teach us! The entire faculty and department leaves no stone unturned to shape our future.

One of the most interesting stages in life that gives you an opportunity to explore is the "college phase". Not able to attend the College had made me sad and thought Online Classes will be boring. But Online College was all together a different experience. I got a lot of love and support from the teachers. The teachers were like a backbone for me. During these days many memories have been created, memories of fun, activity and enjoyment. LUC made me the person who I am today more ... Creative & Confident....

B.E. - 3 (COMMERCE)

I, Mr. Akshat Jain would like to express my heartfelt gratitude to Lords Universal Junior College. Due to Covid-19 our college was locked down, but our learning never stopped. Our teachers came up with the best ideas and arranged online interactive classes on G-meet. We had fun learning sessions with our teachers, due to which we never felt that we are away from our college. Teachers are doing their best to help us understand every concept besides being a new way of teaching for them. They helped us through E-learning and brought us to a real world experience of learning with the help of images and videos. Indeed it was a great experience being a student of Lords College. It has been enriching journey so far and I would like to Thank all my teachers who always motivated us.

Honestly In the start It was kind of terrifying that we had to face online lectures because such kind of experience was brand new to adapt but the moment we began our college journey, our teachers stayed very helpful towards students, they made every lesson as simple as possible through presentation, quizzes & games and that really made our way easy throughout the academic year, even in such pandemic, teachers are making efforts trying to give us their best that's really appreciable, we'll surely be taking a lot of experiences & happening memories which will help us out in the outside world too.

Being a part of this college is an honour in itself. This college offers a sea of opportunities with the practical time bounded managerial experience all through the course. Because of this pandemic we are not able to attend lectures offline but in online classes the teachers had created place to get involved and explore your passion with the great support from highly profiled faculty team and the strong alumni network. The amount of trust that our college has in its students to run so many events is a standout feature. I am grateful to have experienced on of the finest Computer Science programs in my Junior college year and continue to do more.

I am thankful for being a part of this journey I enjoyed a lot in this college. In SSC I got 56.60% but in HSC, I got 81.69% I improved myself with the help of subject teachers and I am also thankful to our respected principal ma'am for motivating me and being a constant support. In Accounts I scored 92 marks out of 100 that's why I am pursuing BAF course in degree college. The guidance provided by the teacher was very helpful to choose my career. Thank you miss and sir for guiding me.

I hereby like to acknowledge my beautiful experience in Lords Universal Junior College. I have currently passed HSC examination from this college and achieved rank without any external coaching. I pay my deep sense of gratitude to my teachers for being so humble and making us confident for what we are and what we can do. I am immensely obliged to the college for providing such great facilities, environment and encouraging teachers. I was also provided Scholarship facility which was beneficial for me and my fellow mates. This college has helped me, encourage my confidence and motivated me for always doing my best and never giving up. I'm really grateful to my college.

PARENT TESTIMONIALS

Academic Year
2019-20

Myself Kavita Patil Parent of Himali Patil. Lords College is really very supportive and helpful to their students. Because of all the teachers and staff students score good marks. The college provides the students with different activities and seminars for the future of the students. Regular meetings are held to keep us informed of our child's progress. Due to this kind of atmosphere my daughter was able to achieve her dreams. I am really thankful for this.

Here Mrs. Pratima Palkar would like to announce that Lords Universal Junior College is the best future for all the students. In their college, they organize PTA meetings for parents after every exam to see their students success. The parents are also allowed to come to college on any Saturday to meet the teachers and ask the queries or children's performance. The quality of teaching is also best and they also guide the parents about each student nicely and in a polite manner. I am thankful to be a part of this college.
