Our Founder

Late Shri Sudhir Madhavji Lall
Chairman

Universal Education was founded by the guiding spirit of our founder, Late Shri Sudhir Madhavji Lall, who laid the foundations of Universal Education in 1968 and built it from scratch into one of Mumbai's largest and most reputed private educational institutions. He was a visionary with great ideals, yet had a simple life. He conducted himself with dignity and impartiality. His values, vision and goals were simple to lead by love, by trust and by example. During his professional career, Shri Lall championed many causes, but none more passionately than educational reforms. Sadly, he left for his heavenly abode on the 1st Sept, 2002. Shri Jesus Lall, chairman of the institute, has, since strengthened Universal Education, transformed it and ensured its growth in fulfilling his father's dream.

Message From the Chairman's Desk

We would like to take this opportunity to invite everyone individually, and in groups to approach your Principal for planning these activities and begin early practice sessions. Our team will be ready to offer you required support wherever necessary. Our team will provide necessary support, and we are happy to engage special coaches or trainers for you, provided we see dedication and interest in your pursuit, “We wish you every success.”

Bachelor of Science - Microbiology B.SC (Micro)

Lords Universal College offers B.Sc Degree in Microbiology.

In today's time, this subject has become a backbone for all other branches of life sciences. It provides an in-depth understanding about microbes, our benefactors as well as pathogens causing diseases and also its wide application in different fields like medicine, agriculture and food industries.

Our college provides a well equipped air conditioned laboratory with all the modern facilities required for practical knowledge. Students are sent for industrial visits to get the first hand information about microbiological applications. Students also attend workshops to learn high end techniques which enable them to relate microbiology to other subjects like molecular biology, genetics and cell biology.

After graduating in Microbiology from our college, students are well trained to explore various options like Post graduation in any life science course, research internship. They can also work in diagnostic labs, pharmaceutical companies and the agricultural sector as well.

Our students have made us proud by entering some of the renowned International Universities to pursue higher studies. During this COVID crisis our students have been hired at various hospitals across Mumbai to apply their practical knowledge. The Department of microbiology is in a continuous process of enhancing students'

skills and knowledge. During this Covid crisis, some online events were organized to keep our students motivated which included activities like:

- Webinars by renowned scientists
- Virtual tours
- Intradepartmental festival

Before we proceed to explain the examination scheme, a Learner (student) must understand the terminologies used:

Program:

A Program is a set of courses that are linked together in an academically meaningful way and generally ends with the award of a Certificate or Diploma or Degree depending on the level of knowledge attained and the total duration of study. Traditionally, **B.A., B.Sc. and B.Com. are referred to as Degree and will now be referred to as PROGRAMS.**

Course

The term “**COURSE**” under the Credit System corresponds to the word 'SUBJECT' used currently. For instance, subjects like **Accountancy & Financial Management, Business Economics, Foundation Course, Commerce etc. are included under the B. Com program which would now be called 'Courses'.**

Module and Unit:

A course which is generally an independent entity having its own separate identity, is also often referred to as a 'Module'. A module may be studied in conjunction with other learning modules or studied independently. A topic within a course is treated as a Unit.

Credit Point:

Credit Point refers to the '**Workload**' of a learner. It is an index of the number of learning hours deemed for learning of a

certain segment. These learning hours are broadly classified into hours spent on attending actual lectures / tutorials / laboratory work /seminar etc. and notional hours spent on reading, reflecting, discussing, attending counseling sessions, watching especially prepared videos, writing assignments, preparing for examinations, etc..

One credit point corresponds to 30 to 40 learning hours. A single course may be assigned between 2 to 8 credit points taking into consideration no. of hours it would take for a learner to complete a single course successfully. **The learner is said to have earned the credits on successful completion of the course including the evaluation.**

Semester System: The program (Degree Course) of three years duration is divided into six terms of approx. 6 month duration called semester. Every semester will have number of courses (subjects/papers) that a learner will have to offer. Each course (subject) will be assigned a certain number of credits . Learners will be assessed continuously during the Semester and evaluated at the end of the semester. The Results will be declared at the end of every semester. Credits will be earned by the learner on successful completion of the course.

Choice Base implies that the learner has the choice to select the subjects that he/she would like to learn within the prescribed time period and the program parameters. Say for

example a learner who wants to major in Accountancy wishes to study History may be permitted to do so under the Choice Based System.

Examination Scheme: (Refer University circular no. UG/80/2016- 17 dated 15th Oct. 2016)

Traditional Courses like B.A., B.Com. and B.Sc.

All papers of third year shall be evaluated for 100 marks and for 3 hours duration

For Self-Financing Courses: (for all courses) including B.Sc (Microbiology)

Performance of the student for every course in Self Financing Courses will be evaluated is two components:

- Semester End theory Examination of 75 marks and 2½ hours duration
- Internal Assessment: Class Test / Project for 25 marks

Passing Standard

For courses where the evaluation is of 100 marks based on the semester end examination only, the learner will be required to obtain 40% marks i.e. 40/100 in their exams.

In case of courses where the performance of the learner is evaluated on the basis of Internal Assessment and Semester End Examination, the learner to pass a course will have to obtain minimum of 40% marks in

aggregate for each course where the course consists of Internal Assessment & Semester End Examination i.e. the learner shall obtain minimum of 40% marks (i.e. 10 out of 25) in the Internal Assessment and 40% marks in Semester End Examination (i.e. 30 Out of 75) separately, to pass the course and minimum of Grade E in each project, wherever applicable, to pass a particular semester.

A learner will be said to have passed the course if the learner passes the Internal Assessment & Semester End Examination together.

Performance Grading:

Under the CBCS, the learner will be issued a grade sheet. The marks obtained by a grade sheet. The marks obtained by the student will be converted into grades and based on the credits allotted to the course and the grade obtained by the student, the overall grade will be calculated and grade sheet will be issued to the learner. The 10 point grading system,

as applicable, is given below:

Grade	Marks	Grade Points	Performance
O	80 & above	10	Outstanding
A+	70 - 79.99	9	Excellent
A	60 - 69.99	8	Very Good
B+	55 - 59.99	7	Good
B	50 - 54.99	6	Above Average
C	45 - 49.99	5	Average
D	40 - 44.99	4	Pass
F	Less than 40	0	Fail

Internal Assessment of the course shall reappear for the Internal Examination of that course. However, his/her marks of the Semester End Examination shall be carried over and he/she shall be entitled for grade obtained by him/her on passing. In case of a learner who is reappearing for the Internal Examination/fails in Internal Examination, need to submit the assignment based on question bank for respective subjects.

R: 8437 CARRY FORWARDS OF MARKS IN CASE OF A LEARNER WHO FAILS IN THE INTERNAL

B) For Courses with practical

In case of a learner who is reappearing for the Internal Examination for subjects with Practical/fieldwork, the examinations will consist of practical examination of **25** marks.

ASSESSMENT AND/OR SEMESTER END ASSESSMENT IN ONE OR MORE SUBJECTS:

1) A learner who **PASSES** in the Internal Examination but **FAILS** in the Semester End Examination of the course shall reappear for the Semester End Examination of that course. However, his/ her marks of the Internal Examinations shall be carried over and he/she shall be entitled for grade obtained by him/her on passing. A learner who **PASSES** in the Semester End Examination but **FAILS** in the

Project Evaluation (if Applicable)

1. A learner who **passes in all the courses but does not** secure a minimum grade of D in project as applicable has to resubmit a fresh project till he/she secures a minimum of grade D.
2. The credits and grade points secured by him/her in the other courses will be carried forward and he/she shall be entitled for grade obtained by them on passing of all the courses.
3. The evaluation of project and viva/voce examination shall be done by marks only and then it will be converted into grade in the ten point scale and award the same to the learner.
4. A learner shall have to obtain a minimum of grade D (or its equivalent marks) in project evaluation and viva/voce taken together to obtain 40% marks in project work.

ALLOWED TO KEEP TERMS (ATKT)

(for Courses like B. Com., B. Com (Management Studies), BAF, BBI, BSc-IT and BAMMC):

- a. A learner shall be allowed to keep term for Semester II irrespective of the number of courses of failure in the Semester I.
- b. A learner shall be allowed to keep term for Semester III if he/she passes each of Semester I and Semester II

OR

A learner fails in not more than FOUR courses of Semester I and Semester II taken together with not more than TWO courses at each of Semester I & II.

- a. A learner shall be allowed to keep term for Semester IV irrespective of number of courses of failure in Semester III.
- b. A learner shall be allowed to keep term for Semester V if he/she passes Semester I, Semester II, Semester III and Semester IV.

OR

A learner shall pass Semester I and Semester II and fails in not more than FOUR courses of Semester III and Semester IV taken together with not more than TWO courses at each of Semester III & Semester IV.

- c. A learner shall be allowed to keep term for Semester VI irrespective of number of courses of failure in the Semester V

- d. The learner can appear for the semester VI examination subject to d & e above but the result of Semester VI shall be kept in abeyance until the learner passes each of Semester I, Semester II, Semester III, Semester IV and Semester V.
